|---|---------------------------------|--|---|
| <b>Prior Learning</b><br>This topic builds on the different skills you have learnt in Year 7, such as passing, dribbling and shooting. You may play football during school or outside of school which will support you during this scheme of learning.                          |                                 | <b>Current Learning</b><br>In this topic you will learn the basic rules of football and how to play the game successfully. You will develop your skills of passing, heading and game play to improve your performance and ability to support others. You will learn how spacing is important when attacking. In addition, you will develop your teamwork, communication and leadership skills.   |   |
| <b>Subsequent Learning</b><br>All skills learnt in football are transferable across the different team activities. You will also revisit football again in Year 9 where you will learn more about game play and have more opportunities to develop the skills learnt in Year 8. |                                 |  |   |
