## OCR Level 3 Digital Media Pre-Induction Task

---

### Part 1 – Disney

Do some Research on Disney.

Possible research questions include:

- Where are they based?
- When were they formed?
- What media do they produce?
- What brands do they own?
- What companies do they own?
- Which parts of the business make the most money?
- How have they changed over the years

This should be no more than a page.

### Part 2 – Films

Please watch **at least one** film from List A **and at least one film** from list B over the summer

After watching any of the films, for List A films, make a note of how the film might be split up into different parts/sections and what happens in each part. For List B films make a few notes about how the films try to make you scared – what makes them memorable? If you've already seen some, write notes on the ones you know and watch some of the others as well!

#### List A

Star Wars Episode 4: A new Hope (Original Star Wars) [Disney+]  
Toy Story 2 [Disney+]  
Avengers Endgame [Disney+]  
The Dark Knight [Sky]  
Home Alone [Disney+]

#### List B

Jaws [Netflix, amazon prime]  
Scream\* (1996 original)  
Get Out  
A Quiet Place  
It  
Ghostbusters (1980s original) [Sky]  
Alien\* [Disney+]

[For each list I've included what service has that film for free – if it's not free anywhere, don't feel you have to pay for it – pick something else]

\*these films are 18s. Check with your parents before watching. There are other films on the list which are not 18 rated.
